

# **MIKE ASHEY PRODUCTIONS**

**1/48 SCALE B-25J  
MANUFACTURER : MONOGRAM  
MODEL BUILT BY : MIKE ASHEY**

## **KIT DESCRIPTION AND BUILDING NOTES**

The rudders and elevators were removed and reattached and details were added to the door guns. The forward section of the model was modified to represent the 8 gun version of this aircraft which were used in the South Pacific during World War II. The exhaust ports, which are located around the engine cowlings, were also hollowed out. The model was painted with Testors model master enamel paints. This Monogram kit, which was issued in several variations, has been around for many years and it is well detailed and a lot of fun to build.
