

**MIKE ASHEY  
PRODUCTIONS**

**1/32 SCALE DH-82 AC TIGERMOTH  
MANUFACTURER : MATCHBOX  
MODEL BUILT BY : MIKE ASHEY**

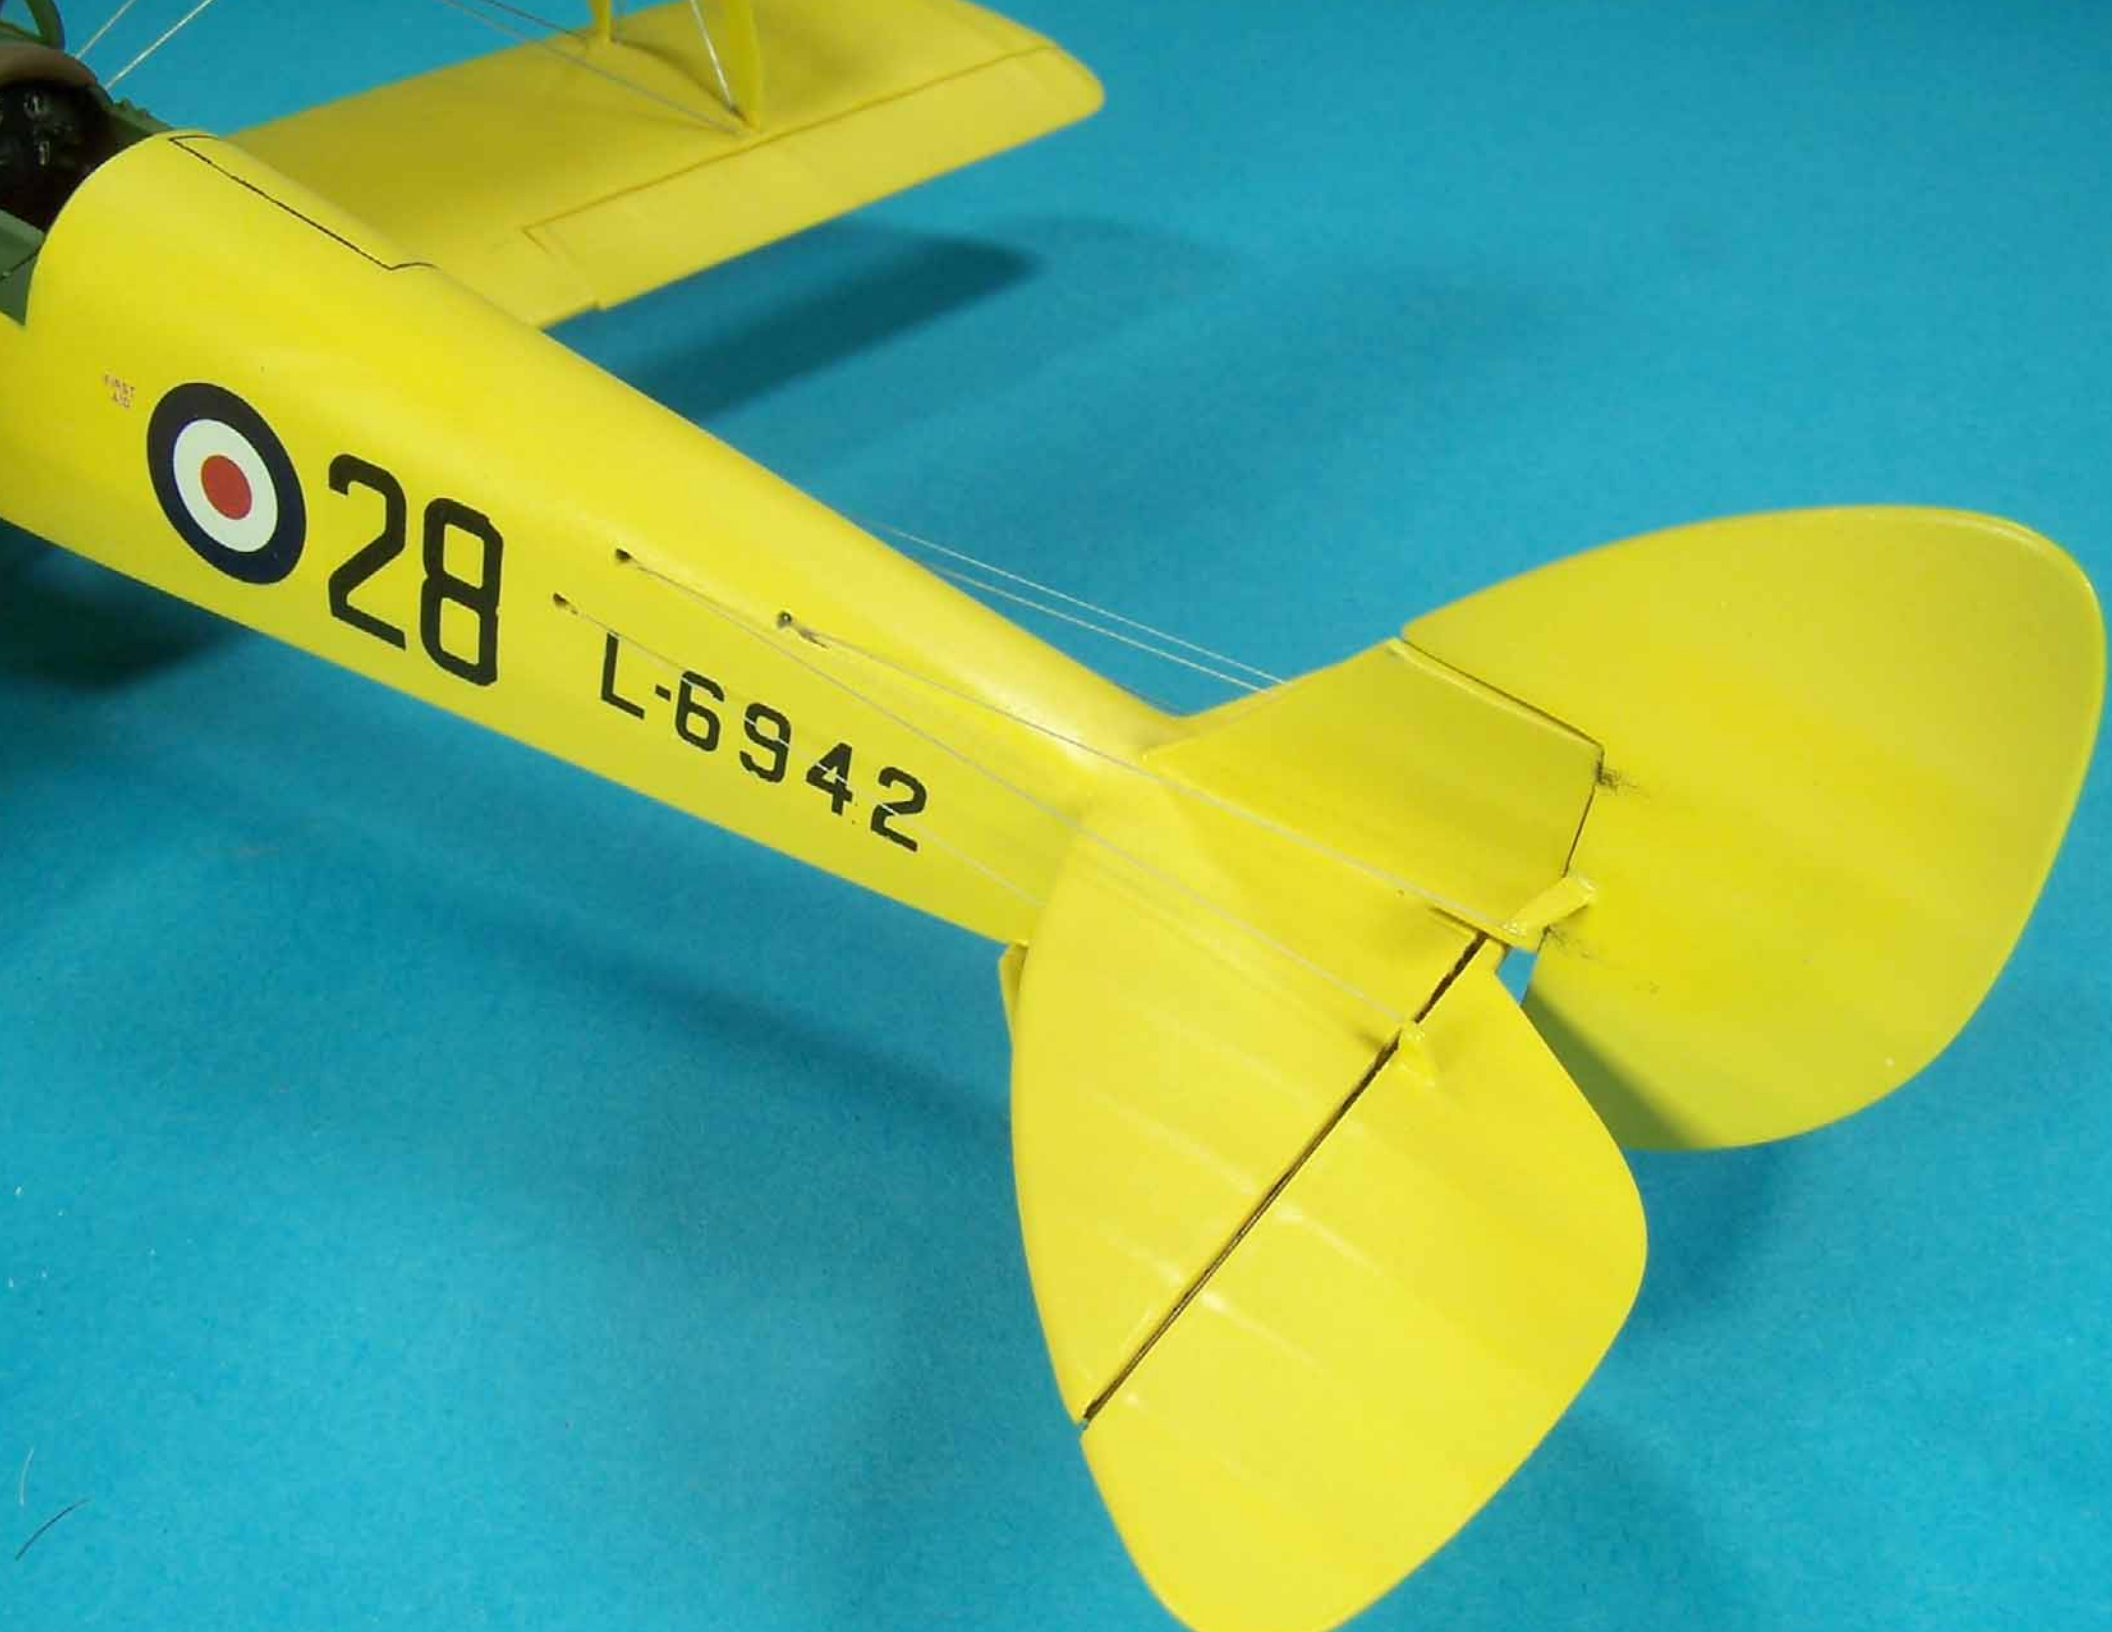

**KIT DESCRIPTION  
AND  
BUILDING NOTES**

This kit was built out of the box. I used stiff wire painted with silver paint for the flying wires and stretched clear plastic for the control cables. The instruments are Waldron Products instruments and the belt buckles are from Model Technologies. I also added some colored stretched plastic for wiring the engine. The model was painted with Testors model master enamel paints.
