

MIKE ASHEY PRODUCTIONS

**1/32 SCALE P-38J LIGHTNING
MANUFACTURER : TRUMPETER
MODEL BUILT BY : MIKE ASHEY**

KIT DESCRIPTION AND BUILDING NOTES

This kit was essentially built out of the box with an Eduard cockpit detail set added. I also back dated the kit from a P-38L to a P-38J. The seat belts are Eduard prepainted seat belts. The guns are plastic rod hollowed out. The propellers are from the Revell 1/32 scale P-38 kit. I removed some of the engine access panels on both engine housings to display some of the engines surface area. The model was painted with Testors model master enamel paints.
