

**MIKE ASHEY
PRODUCTIONS**

**1/35 SCALE GERMAN 75 mm ANTITANK GUN
MANUFACTURER : ITALERI
MODEL BUILT BY : MIKE ASHEY**

**KIT DESCRIPTION
AND
BUILDING NOTES**

This was a simple kit to build and a lot of fun to put together. Model master enamel paints were mixed to achieve the needed colors. Dry brushing with silver paint helped make this little model stand out. Muzzle blast residue was achieved using pencil pastel dust lightly brushed on with a flat brush and then sealed with Testors dull coat.
