

# **MIKE ASHEY PRODUCTIONS**

**1/350 SCALE USS MISSOURI BB-63  
MANUFACTURER :TAMIYA  
MODEL BUILT BY : MIKE ASHEY**

## **KIT DESCRIPTION AND BUILDING NOTES**

The model was essentially built out of the box. The model depicts the USS Missouri as she appeared in August of 1945. A Gold Model Medals brass photoetch detail set specifically designed for this kit was used for the radars, railings, hatches and other small details. The kit was painted with Testors model master enamel paints. A short article with tips on building this great kit is located in the projects section of this web site.
